ORDER

THIS MATTER is before the court on review of defendant's Motion for Psychiatric Examination. By Order of the district court, see docket entries # 211 & #231, upon a finding under 18, United States Code, Section 4241(a), that there was reasonable cause to believe that defendant may presently be suffering from a mental disease or defect that may render defendant unable to understand the nature and consequences of the proceedings, the court ordered that a mental evaluation be conducted by the Attorney General. In obedience to that Order, as amended, Tracy W. Johns, Warden, Federal Correctional Institution, at Butner, caused to be conducted a psychiatric evaluation consistent with 18, United States Code, Sections 4241(b) and 4242, and Rule 12.2, Federal Rules of Criminal Procedure. As a result of such study, qualified mental health evaluators determined that plaintiff was not suffering from a mental disease or defect, was able to understand the nature of the offense against him, and was able to assist counsel in his own defense. Further, the

evaluators opined that at the time of the offense, defendant was able to understand and appreciate the nature and quality or wrongfulness of his criminal acts.

At the competency hearing upon defendant's return to this district, counsel for defendant argued that the study was flawed inasmuch as it did not take into account records documenting defendant's mental health history. Upon inquiry, the court determined that those documents had not been provided to the mental health facility. The court will, therefore, remand defendant to the custody of the Attorney General for purposes of conducting a follow up or supplemental study that takes into account all medical and mental health records that counsel for defendant provides to such facility. It shall be the duty of counsel for defendant to promptly retrieve such documents and provide those materials to the appropriate authorities at Butner.

ORDER

IT IS, THEREFORE, ORDERED that:

- (1) **THE DEFENDANT** shall be examined by at least one qualified psychiatrist or psychologist pursuant to 18, United States Code, Section 4241(b) and Rule 12.2, Federal Rules of Criminal Procedure, to determine if the defendant, JOHN WILSON PATTON, is presently insane or otherwise so mentally incompetent as to be unable to

understand the criminal proceedings against him or to properly assist in his defense **taking into consideration all documents concerning defendant's mental health history, which shall be provided by counsel for defendant.**

- (2) **THE DEFENDANT**, JOHN WILSON PATTON, shall be examined to determine whether at the time of the commission of the alleged offense JOHN WILSON PATTON was criminally responsible pursuant to 18, United States Code, Section 4242, **taking into consideration all documents concerning defendant's mental health history, which shall be provided by counsel for defendant.**

- (3) **FOR PURPOSES OF EXAMINATION** pursuant to Section 4241(b), defendant is committed to the custody and care of the Attorney General for placement in a suitable facility, and the examination shall be for such a reasonable time, not to exceed forty-five (45) days, as is necessary to make evaluations as to whether JOHN WILSON PATTON:

- (A) is presently insane or otherwise so mentally incompetent as to be unable to understand the proceedings against him or to properly assist in his own defense; and
- (B) was, at the time of the commission of the alleged offense, criminally responsible. 18 U.S.C. § Sections 4241(b) and 4247(b) and (c).

For purposes of determining the forty-five (45) day period, the examination is deemed to commence on the day defendant is admitted to the mental health facility.

- (4) **THE WARDEN OR THE CASE MANAGER** of the designated facility is instructed that requests for extension of the 45-day examination period must be in a writing mailed to the Clerk of this court, with copies sent to defense counsel, the United States Attorney, and the United States Marshal.
- (5) **THE PSYCHIATRIST OR PSYCHOLOGIST**, as designated by the Attorney General to examine defendant, shall prepare a psychiatric or

psychological report pursuant to the requirements of 18, United States Code, Section 4247(c).

- (6) **THE PSYCHIATRIST OR PSYCHOLOGIST**, as designated by the Attorney General, shall forward the original report to this court, **a copy to the Clerk of this court**, a copy to counsel for JOHN WILSON PATTON, and a copy to the United States Attorney.
- (7) **THE UNITED STATES MARSHAL**, shall transport defendant JOHN WILSON PATTON to the mental health institution, which shall be designated by the Attorney General, and return defendant JOHN WILSON PATTON immediately upon completion of the examination to the Western District of North Carolina where bond, if any, may resume. **The United States Marshal is permitted a total of 10 days within which to transport JOHN WILSON PATTON to and from the mental health institution.** If bond has not been allowed, the defendant shall remain in the custody of the United States Marshal.

- (8) **THE UNITED STATES MARSHAL** shall provide defendant with medications, if any, as prescribed by a licensed physician pending and during transportation to the mental health institution designated by the Attorney General.
- (9) **COUNSEL FOR DEFENDANT** is instructed that in the event psychiatrists or psychologists employed by the government determine that defendant is competent to stand trial, counsel for defendant may promptly, thereafter, file a motion for appointment and examination by independent experts. Such a motion must be accompanied by an affidavit of counsel describing the "pronounced irrational behavior" of defendant such attorney has observed, Pate v. Robinson, 383 U.S. 375, 385-86 (1966), averring and documenting that defendant has not been able to "consult with his lawyer with a reasonable degree of rational understanding," and showing that it is counsel's belief that defendant does not have a "rational as well as factual understanding of the proceedings against him." Penry v. Lynaugh, 492 U.S. 302, 333 (1989). The filing of such a motion will not be cause for continuance from a trial

calendar and motions which are not filed in good faith may result in the imposition of sanctions.

- (10) In the event mental health professionals at the designated federal facility determine that defendant is presently insane or not competent to stand trial and that defendant was not criminally responsible at the time of the alleged offense, the **PSYCHIATRIST OR PSYCHOLOGIST** at the designated facility shall conduct such further tests as may be appropriate to determine whether defendant's release into the community would create a substantial risk of bodily injury to another person or serious damage of property of another due to a present mental disease or defect. 18 U.S.C. Sect. 4243(e). The results of such testing and the conclusions drawn therefrom should be appended to and sent along with the psychological report.

THE CLERK OF COURT is directed to *certify* copies of this Order to counsel for defendant, the United States Attorney, the United States Marshal, and the designated mental health facility also in the care of the United States Marshal.

Signed: August 22, 2008

Dennis L. Howell

Dennis L. Howell
United States Magistrate Judge
